## **DETAILED ACTION**

### ***Response to Amendment***

The phrase – from a surface – added after the word “reflection” recited in claims 1, 24, 26 and 28 does not render the claim language concise enough in that it is not seen where the surface is arranged relative to any element of the combination of elements called for in the respective claims so that the operation of the system can be understood. In other words, the recitation of the “reflection” is narrative. Similarly, the insertion of phrase – with a surface – on line 6, after the word “polarization”, of claim 22, characterizes only a narrative nature of the recitation.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-11 and 22-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

For independent claims 1, 22, 24, 26 and 28, please refer to the indication pointed out above.

Claims 2-11, 23, 25, 27 and 29, depending from claims 1, 22, 24, 26 and 28, respectively, inherit the indefiniteness thereof.

### ***Minor informality noted***

In the Specification, page 9, line 7, before “assigned”, -- now U.S. Pat. No. 6,693,605, -- should be inserted.

In claim 19: line 5, "energy of a" should be replaced with – the energy of the --.

***Allowable Subject Matter***

Claims 1, 22, 24, 26 and 28 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 2-11, 23, 25, 27 and 29 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claims 12-21 are allowed.

***Final Rejection***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
